- HireRight Other: _____

BILLING INFORMATION

In order to treat your work-related injury, Texas MedClinic MUST obtain the billing information for either your employer or your employer's Workers Compensation insurance. State laws set forth by the Division of Workers Compensation prohibit medical providers from billing or accepting payment from the patient for the treatment of work-related injuries if the company has Workers Compensation Insurance. If we CANNOT determine if your employer has insurance for work-related injuries OR proper billing information for your employer, our providers will ensure that you are medically stable and then you MAY be referred to the emergency room for further evaluation and treatment.

Name of Workers Comp Insurance (if applicable) :

AmTrust, Technology Insurance Co.
